TO

VOLUME LI.

July 1 to December 31, 1889.

A

Address (Inaugural) of Prest. Robert Bridge 573
Address, President's, American Gas Light Association 579
Advantages of Supplying a Mixture of Coal and Water Gas, by Mr. T. G. Lansden 637
Advertising for Cheap Engineers 351
Ammonia, Production of Cyanides from 308
Ammonia as an Antiseptic 347
Ammonia, Sources of 409
Ammonia Industry in England 544
Ameri an Workmen Back from Europe 483
American Gas Light Association. Official Report 577
*Analysis, Modern Gas 67
*Anderson, Geo., Gas Purifiers 70
Annual Meeting, Society of Gas Lighting 922
Annual Meeting, Southwestern Association 626
Application of Iron and Steel to Building Purposes 823, 855
Arctos Refrigerator, the 78
Arc Lamps, the Illuminating Power of 694
*Arc Lamps, Suspension for 893
Ascension Pipes, Stopped, by R. Ross 375
*Averell Process and Apparatus for the Manufacture of Wood Gas 511

B

Baltimore Meeting, the 537
Batteries at the Paris Exposition, Secondary 413
Barker, Commissioner, Introducing 595
Benzine Vapor, Electric Ignition of 603
Best, W. J., Secondary Air Supply to Ordinary Retort Settings 477
Boiler Trials, Steam 236
*Boys, C. V., Ins ruments for Measuring Radiant Heat, 475, 507, 539, 571, 627, 683
Brin's Oxygen P ocess of Purification. W. A. Valon 36
Brin's Oxygen Process of Purification, by E. B. Ellice-Cla k. 583
Bridge, President Robert, Inaugural Address of 573
British (North) Association of Gas Managers: Papers Read at the Dunfermline Meeting of 242

C

*Calorimetry, Gas, by Prof. E. G. Love 638
*Carburetor, New Maxim Patent Gas 6
*Cammel's Flexible Metallic Tubing 926
Carter J. Some Reflections Upon the Commercial Policy of a Gas Undertaking 510
Cement, Reactions Involved in Calcination of 106
Cement for Securing Iron into Stone 604
Cements, Inspection of 631
Cement, Testing Portland 41
Cessation of Work on Sundays, by T. D. Hall 379
Chollar, B. E., Purification of Gas from Kansas Coals 596
Clark, Walton, Fuel Gas 590
Clay, Varieties of for Making Good Puddle 275
*Coal, the Continuous Carbonization of, Elliott's Apparatus 755
Coal on the Pacific 207
*Coal Gas Detector 378
Coal vs Natural Gas 414
Committee on Place for Holding Next Meeting of American Gas Light Association 595
Committee of Arrangements, Am. Gas Light Association .. 642
Composition of Uncarbureted Water Gas 512
Compressibility of the Gases Oxygen, Hydrogen, Nitrogen. 341
Concrete Floors, by Frank Caws 239, 277
Condensation in Steam Cylinders 898
Conduct of the Electric Light Business in Connection with the Gas Industry, by W. H. Pearson 633
Connellsville Coke in Foreign Coke Ovens 109
Consumption of Gas, Extending the, by J. W. Helps 630
Corbett Woodall, Introducing Mr 600
*Coupling for Gas or Other Pipes, the Hattery 541
Creosote, How it Affects Chimney Flues 79
*Critchlow's Improved Apparatus for Manufacture of Gas. 271
Cutler, Geo., the Near Future of Electricity 858
Cyanides, Production of, from Ammonia 308

CORRESPONDENCE—

A Correction by Mr. E. C. Jones 730
And Another from Mr. Norris 730
Ammoniacal Liquor Vaporization and Croup 818
A Question and an Answer 818
Important to Chilian and Peruvian Gas Companies 384
Mr. Egner Makes a Claim 316
The Points at Issue 12
Uniform Them! 506
What Everyone Expected 418

D

Death of James Lovell Little 2
Death of Alfred Arndt 570
Deep Gas Wells 2
Delam re-Debouteville, Edward, on Gas Engines, 107, 139, 167
Dervey Process of Refrigeration by Electricity 758
Directorship of Gas Companies 790
Disaster, How the Pennsylvania Railroad Co's. Engineers Overcame 69
Dunfermline Meeting of North British Association of Gas Managers, Papers Read at 242
Duration of the English Coal Supply 823
Dust in Mines, How to Minimize the Generation, and Reduce the Dangers of 205

E

Economists' Fuel, the 682
*Economy to Gas Companies of Gas Power for Operating Electric Light Plants 683
Economy in Fuel 414
Egner, Frederic, the Rotary vs. the Jet Exhauster 199
Eiffel Tower Struck by Lightning 452
*Elbert's Improved Process for the Manufacture of Gas ... 446
Electric Car Lamp 419
Electric Lighting of Cars, Use of Liquid Fuel for 449
Election of Officers American Gas Light Association 579
Electric Motors 345
Electricity as a Factor in Moral and Social Development .. 203
Electrical Machinery, Mechanical Details of, by A. J. Shaw 205
Electric Ignition of Benzine Vapor 603
Electric Lighting Progress in London 760
Electrical Exhibition Buildings, Edinburgh 763
Electric Motors for Domestic Purposes 790
Electric Welding 891
*Electrical Service, Steam Plants for 342
Elizabeth, N. J., a New Gas Company for 2
Ellice-Clark, E. B., Brin's Oxygen Process of Purification 583
*Elliot's Improvements in Gas Apparatus 237, 755
Energy Relations of Gas and Electric Lighting, by President Henry Morton 507
Engineer's Opportunity, an 173
*Erfurth's Scaffold-Building Device 878
Experience in the Manufacture of Oxygen on Gas Works and the Result of its Practical Application to the Purification of Coal Gas, by W. A. Valon 101
Discussion 135
Experimental Data from the Paris Gas Works 631
Experiments on a Steam Boiler, the Cylinder of Which was Heated Externally by Gas Flames 756

EDITORIALS—

Residuals 1
Rules and Regulations for Piping New Buildings 1
Superintendent Diffenbaugh 2
Death of James Lovell Little 2
Impending Labor Troubles 33
Mr. Page before the Gas Institute 33
Arc Lighting in New York 65
A Good Appointment 65
Gas Wins at Schenectady, N. Y. 65
The Education of Gas Engineers 66
A Confession, and Why it is Made 101
Resignation of Mr William Cartwright, Oswego, N. Y 102
Decision of Judge Wallace on Lowe Process 102
How Selectmen Choose Their Favorites 102
Annual Meeting, Rutland, Vt 102
General Index to the Proceedings of the American Gas Light Association 133
The International Manufacturing Association 133
The Exhausting Plant of the Mutual Gas Light Co 133
Gen. Hickenlooper and the Queen City Natural Gas and Fuel Co 134
Cheaper Gas for Meriden, Conn 134
An Interesting Insurance Decision 134
Death of Jno. F. Reynolds, Canton, Ohio 134
Preparing for the Gathering at Baltimore 166
Explosion at the Lee (Mass.) Gas Works 166
Movement for Municipal Lighting Stations 198
Scheme for Municipal Control of Gas Supply, St. Louis 198
More About the Baltimore Meeting 234
A Sample from Hamilton, Canada 234
A Municipal Gas Plant at St. Louis 234
A Significant Visit 270
Lighting the St. Paul Court House 270
Day Use of Gas 306
No Secrecy About it in London 306
Some Interesting Figures 306
Secretary Humphrey's Second Circular 338

Some Contract Prices for Electricity 859
Sources of Ammonia 409
Special English Correspondence, by Norton H. Humphrys 7, 140, 276, 448, 575, 791, 928
Spiral Weld Steel Tubes 897
Springer and Morse Process and Apparatus for the Manufacture of Gas 478
Spontaneous Combustion, Injury to Coal by 856
Station Meters 892
Steam Boiler Trials 236
Steam and Water Joints 259
Steam Plant for Isolated Electric Light Plants 657
*Steam Plants for Electrical Service 342
Steam Pipes and Loss of Heat, Unprotected 139
*Stearn's Gas Generator 756
Steel, Natural Gas for Manufacture of 40
*Stewart's Gas Making Apparatus 340
Stone Cutters, Prehistoric 452
Stocking and Reloading Coal, A New Method of 478
Stopped Ascension Pipes, by R. Ross 375
Sulphur Compounds in Illuminating Mineral Oils 235
Sulphur in Coal, Estimation and Occurrence of 171
*Suspension of Arc Lamps 893
*System of Inclined Coke Ovens for Gas Works 926

T

Tar, Preventing the Thickening of in the Hydraulic Main. 480
Temperature, Underground 603
Testing Portland Cement 41
Thermometer, Early History of 347
*Tipple, the Lily Railroad 172
Train Lighting by Electricity 721
Tubing, Flexible Metallic 171

U

Unaccounted for Gas, by T. Frizelle 339
Uncarbureted Water Gas, Composition of 512
Underground Temperature 603
Unprotected Steam Pipes and Loss of Heat 139
Use of Liquid Fuel in Electric Lighting of Cars 449
Use of Wrought Iron Pipe and Fittings 202
Useful Hints for Engineers 927
Utility of Water in Gas Manufacture, by Thomas Newbigging, C. E. 891
Utilization of Residual Products, by C. H. Nettleton 3

V

Valon, W. A., Brin's Oxygen Process of Purification 36
Valon, W. A., Experience in the Manufacture of Oxygen on Gas Works and the Result of its Practical Application to the Purification of Coal Gas 103
Discussion 135
Valuable Instructions for Engineers 484
*Vanderpool, Eugene, Laying Gas Mains Under Water 407
*Vaporizer, the Phelps Retort 788
Variation in the Products of the Destructive Distillation of Different Gas Coals 923
Velocity of the Wind at Top of Eiffel Tower 898
Ventilation, as Applied to the Interior of Buildings, the Science of, by D. D. Hoey 169
Votes of Thanks, American Gas Light Association 656

W

Waldo, Dr. Leonard, on Gas as an Illuminant 758
Waltham, Mass., Hearing on Fuel Gas at 8
Water Gas, Use of in the Manufacture of Lime 40
Water Power for Electric Lighting 897
*Water Gas (Illuminating), Past and Present, by F. H. Shelton 642
Water Gas, by George R. Hislop 247
Water Tube Boilers 445
Water Gas, before the British Association, A. C. Humphreys' Paper on 480
Wells, Deep Gas 2
Westinghouse, Mr. George, on Fuel Gas 756
Why Mortar Hardens 513
*Wood Gas, The Averell Process and Apparatus for the Manufacture of 511
